DESCRIPTIONS

Manufacturer Provided Description

The BlackJack 256 is the flagship of the BlackJack line. With its size, you can take the 256 into bigger, rougher water, and still get the exceptionally smooth and dry ride the BlackJack brand has come to be known for. The 256 comes loaded with lots of standard features, such as LED lights, custom upholstery, and gas shocks on all the hatch lids. The console has a large door in the front, and is big enough to house a porta-potty and batteries. The large dash has plenty of real estate for aftermarket electronics. The hull itself is a work of art, with a subtly more aggressive styling, while still maintaining that beautifully unique BlackJack look
